Readwhat is said of the "C. C. C." by those who have fully tested it: FRIARS POINT, MISSISSIPPI, July 29, 1876. MESSES. ALLISON BROTHERS, Memphis. Tenu.:

Gentlemen—I have during the past season, had in successful operation the "C. C. C."

purchased of you. I am greatly pleased with it, and consider it an absolutely indispensable
machine in every gun-house. All its claims have been fully sustained, and I think you have
not, in the least, exaggerated its merits. It certainly takes all the dust and dirt out of cotton,
leaving it in a beautiful condition for the work of the gins. Its most apparent benefit is, of
course, upon the lower grades, but I believe it will very much enhance the quality of all cotton—the first as well as the last pickings. Yours, truly.
